

STUDENT OUTCOMES

An overview of A Level and BTEC results

STUDENT PROGRESS	A Level Progress Score	Average A level points	<p>A note on Post-16 Progress Scores: These are an indication of how well students have performed relative to the GCSE and Level 2 results they joined the Centre with. The score for North Bristol Post 16 Centre shows that in 2019 students made above average progress, and that this put the Centre in the top quarter of Post 16 providers in the country.</p> <p>We are a proudly comprehensive Centre. We are very pleased that the data shows that North Bristol Post 16 Centre continues to enable students to progress at a rate above the national average, whatever their starting points.</p>

2019 results are given here as these are the latest results achieved by Centre students via external assessment.

Results achieved in 2020 (via Centre Assessed Grades) were in line with those shown here, and enabled the very great majority of students to access their first choice destination.
