

# STUDENT OUTCOMES 2024

An overview of A Level and BTEC results

**A word from Directors of Post 16, Aimi Potter and Owen Tiplady on this summer's Post 16 results:**

"We are pleased to have seen yet another year-on-year increase in the number of our students achieving the top grades, reflecting the hard work and perseverance of our young people and the staff at the Centre who have worked tirelessly alongside them.

"A large majority of our university applicants secured their first choice of place, with many moving on to some of the most competitive institutions, nationally and internationally. We also have a record number of students moving on to apprenticeships, with several who have secured highly competitive degree apprenticeships in fields including engineering and law."

"For more than ten years, our schools have been working together, as the North Bristol Post 16 Centre, to make sure that every student has the opportunity, support and skill set they need to reach (and extend far beyond) their goals."
