

STUDENT OUTCOMES 2025

An overview of A Level and BTEC results

A word from Directors of Post 16, Aimi Potter and Owen Tiplady on this summer's Post 16 results:

"We're delighted to report another year of strong results, with a continued rise in the number of students achieving top grades. These outcomes reflect the determination and resilience of our students, as well as the unwavering dedication of the staff who have supported them every step of the way."

"The vast majority of our university applicants secured their first-choice destinations, including offers from some of the most competitive institutions both in the UK and abroad. This year also saw a record number of students progressing onto apprenticeships, including highly sought-after degree apprenticeships in areas such as engineering and law."

"For over a decade, our schools have worked in close partnership as the North Bristol Post 16 Centre, committed to ensuring every student has the support, opportunity, and confidence to achieve their goals—and often surpass them."
